

## **Wish List**

2015-2016

At Mid-Valley Christian Academy we want to see every child thrive both academically and spiritually. We believe no child should be turned away from a Christian education. MVCA teachers take a personal interest in each child, helping them to approach academic, social and spiritual challenges through prayerful consultation with Jesus Christ and God's Word. Through this, our students are given the tools to become the next generation of Christian leaders, parents, and professionals. MVCA is a valuable mission in today's society. Many of our parents and donors ask what we could use or how they can help, here is our current wish list:
